

DRY FABRIC WRAPPED *KEVLAR FRACTIONAL HORSEPOWER V-BELTS (3L and 4L)

Dry fabric wrapped *Kevlar FHP V-Belts are designed for use on most outdoor power equipment and agricultural equipment including lawnmowers-garden tractors-snowblowers and tillers. They are ideally suited for backside idler and clutching drive applications. An extra dry fabric wrapped cover allows the belt to dissipate heat and last longer than standard FHP belts.

FHP V-belts are measured on the outside circumference (Example 4L400 = 40" OD)
